FLORIDA'S NEW INSURANCE COMMISSIONER

Financial Services Commission appointed Michael Yaworsky as the Insurance Commissioner for the Florida Office of Insurance Regulation (OIR) after being nominated by Governor DeSantis in February 2023. Prior to his nomination, Mr. Yaworsky served as the Vice Chairman of the Florida Gaming Control Commission and served as the Florida Office of Insurance Regulation's (OIR) Chief of Staff from 2017 – 2021. As OIR's Chief of Staff, he assisted in overseeing one of the largest insurance markets in the world by serving as a policy advisor to the Commissioner and managing agency fiscal matters and administrative operations.

Prior to joining OIR, Mr. Yaworsky served as Legal Counsel for the Georgia Office of Insurance and Safety Fire Commissioner, where he was responsible for advising the Commissioner and senior staff on policy decisions and performing administrative, regulatory and litigation duties associated with the legal unit. He also served as Counsel for the Office of President Pro Tempore in the Georgia Senate from 2014 – 2015.

Mr. Yaworsky honed his skills serving the state of Florida in a variety of government, regulatory and legislative positions from 2006 - 2011. This included working as Chief of Staff with the Florida Department of Business and Professional Regulation and Director of Gubernatorial Appointments and Cabinet Aide at the Executive Office of the Governor.

FLORIDA'S HISTORIC LEGISLATIVE REFORMS

Florida's property insurance market has experienced challenges over the past several years. Most of the primary cost drivers in the Florida property insurance market, including catastrophic claims, adverse loss reserve development, and higher reinsurance costs, are notably exacerbated by excessive and costly litigation. In response to challenges in the market, insurers historically passed these costs to the consumer by increasing premiums to cover losses and expenses, creating affordability challenges for consumers. In recent years, Florida has enacted historic and unprecedented reforms designed to promote market stability, Senate Bill 76 (2021), Senate Bill 2-A (2022), Senate Bill 2-D (2022), House Bill 837 (2023) and Senate Bill 7052 (2023).

Senate Bill 7052 enacts several consumer protection measures that further increase competition and accountability in Florida's property insurance market by: Clarifying that once a roof deductible is applied, no other deductible under the policy may be applied to any loss caused by the same covered peril; Tolling the time period for an individual deployed to a combat zone or combat support posting to file a property insurance claim for the duration of the deployment; Requiring property insurance mitigation discounts be updated at least every five years and requiring insurers to provide consumer-friendly information on their website describing hurricane mitigation discounts available to policyholders; Requiring liability insurers to follow proper claims handling practices on behalf of their policyholders and increasing penalties for insurers who don't; and Increasing the maximum administrative fines that may be levied by the OIR on insurance companies by 250 percent generally, and 500 percent for violations stemming from a state of emergency such as a hurricane.

House Bill 837 modifies the bad faith framework, eliminates one way attorney's fees and fee multipliers and ensures that Floridians can't be held liable for damages if the person suing is more at fault.

Senate Bill 2-D enacted pro-consumer measures to help alleviate rising insurance costs, to increase insurance claim transparency, and to crack down on frivolous lawsuits. Senate Bill 2-D pro-consumer measures includes $2 billion in reinsurance relief through the Reinsurance to Assist Policy program to benefit policy holders over the next two years, $150 million for the My Safe Florida Home Program to provide grants to Florida homeowners for mitigating their homes against disaster impacts, and prohibits insurance companies from denying coverage based on the age of a roof that is less than 15 years old.

Senate Bill 2-A is a comprehensive bill which implements litigation reforms and is intended to ensure policyholders have access to quality, affordable private market property insurance. Senate Bill 2-A eliminates one-way attorney fees for property insurance, strengthens the regulatory authority of OIR, establishes a new optional state reinsurance program, and requires insurers to more promptly communicate, investigate, and pay valid claims.

Building off previous reforms, Senate Bill 76 provided important regulatory changes designed to stabilize Florida's property market. Senate Bill 76 increased data transparency by establishing claims litigation data reporting requirements for personal and commercial residential property insurers and established protocols for the award of attorney fees in property insurance litigation. House Bill 7065 addressed AOB misuse and implemented significant reforms to AOBs by creating s. 627.7152, FS

FLORIDA'S NATIONAL AND INTERNATIONAL LEADERSHIP ROLE

Florida plays an active role with the National Association of Insurance Commissioners (NAIC) and the International Association of Insurance Supervisors (IAIS). The NAIC is the U.S. standard-setting and regulatory support organization created and governed by the chief insurance regulators from the 50 states, the District of Columbia and five U.S. territories.

Through the NAIC, state insurance regulators establish standards and best practices, conduct peer review, and coordinate their regulatory oversight. NAIC staff supports these efforts and represents the collective views of state regulators domestically and internationally. NAIC members, together with the central resources of the NAIC, form the national system of state-based insurance regulation in the U.S.

The IAIS is the principal international organization of insurance supervisors, engaged in creating international standards and guidelines on insurance supervision, and encouraging members to implement the standards. The International Association of Insurance Supervisors (IAIS) represents insurance regulators and supervisors of more than 200 jurisdictions constituting 97% of the world's insurance premiums.

Florida continues to lead an efforts to execute a consistent application of best practices for the financial and regulatory oversight of insurers operating in the U.S., while also helping facilitate the NAIC's strategic priorities.

HURRICANE SEASON 2023

The 2023 Hurricane Season was the fourth-most active season since 1933 effectively bringing one notable named storm into Florida, Hurricane Idalia. Hurricane Idalia formed from a low-pressure area before it was upgraded to a Tropical Depression. By August 27th, Idalia had strengthened to a Tropical Storm. The storm would travel through the Gulf of Mexico as it intensified into a high-end Category 3 Hurricane that made landfall in Keaton Beach, FL on August 30th. At its peak, Hurricane Idalia was a Category 4 storm with sustained winds of 115 mph and storm surges of anywhere from 7 to 12 feet. OIR issued a notice to all health insurers, managed care organizations, and other health entities indicating that such entities must comply with the provisions of Section 252.358, Florida Statutes, which allows for early prescription refills in the event that the Governor issues an Executive Order declaring a State of Emergency or when a county Emergency Operations Center (EOC) is activated.

INSURANCE MARKET TRENDS

In this section, market trends and conditions are assessed against a variety of criteria, which may include market concentration, coverage availability, residual markets, premium volume, premium rates, and company financial condition.

LIFE AND HEALTH INSURANCE

Health Insurance

In plan year 2022, 14 health insurance companies offered individual market products on and off the federal Patient Protection and Affordable Care Act (PPACA) Exchange in Florida, up from 10 companies in plan year 2021. Insurers continued to expand their offerings to include additional counties resulting in more consumer choice and increased competition.

The individual health insurance market in Florida experienced more growth during 2022 with individual market enrollment reaching to over 2.9 million in 2022. Another 1.7 million Floridians had coverage through the group health insurance market.

Average rates for the individual market in Plan Year 2022 increased moderately as the average change compared to 2021 was 6.6 percent. Total premiums for the major medical market exceeded $30.7 billion in 2022 with approximately $19.2 billion in the individual market and $11.5 billion in the group market. This compares to total premiums of $28 billion in 2021 reflecting enrollment increases in the individual market.

Medicare Supplement Insurance

Medicare supplement insurance is coverage for services that original Medicare does not cover, such as copayments, coinsurance, and deductibles. As many as 114 Medicare supplement carriers provided coverage in 2022. Medicare supplement plans are facing increased competition from Medicare Advantage products which often offer additional benefits and/or lower premiums. In 2022, there were a total of 956,241 enrollees in Medicare supplement plans, a less than one percent increase from 2021. Direct premiums earned were $2.6 billion.

Life Insurance

In 2022, the number of in-force life insurance policies in Florida increased by 273,092 to 8,382,696. The overall total premium earned for Florida's life insurance market was $12.4 billion up 2.5 percent from 2021. The life insurance market in Florida remains competitive with over 250 companies issuing policies in 2022 and the top five companies accounting for 26 percent of the Florida market.

Annuities

Annuity considerations (premium) had another strong year continuing a trend from recent years. Total annuity considerations for 2021 were $31.2 billion, up 21.7 percent from 2021.

Considerations were up 17.9 percent in 2021 after a 15.4 increase in 2019 and a 14.5 percent increase in 2018 although 2020 was a slightly down year.

Long-Term Care Insurance

Nationally, long-term care insurance premiums continue to rise. OIR continues to address this issue by approving rates for insurers that are phased-in incrementally to reduce the impact of rate increases with subsequent periods of time where policyholders are guaranteed no further increases. The length of the implementation period and the subsequent rate guarantee period is often dependent on the size of the increase and the age of the product. In addition, OIR has required companies to offer policyholders a range of benefit options aimed toward mitigating the impact of the rate increase.

Total direct premiums continue to grow, largely due to pricing as opposed to market growth. New business direct premiums for 2022 were $6.4 million and represent less than one percent of total premium. The number of covered lives continued gradually decline as covered lives decreased by 3.3 percent compared to 2021 to 354,698. Losses continued to exceed premiums by a wide margin indicating the challenges that currently exist on a national scale. In 2022, total direct premiums earned were $721 million with direct losses of $1.1 billion.

PROPERTY AND CASUALTY INSURANCE

Homeowners' Insurance

Florida's homeowners' insurance market continued to grow in 2023, with 7.3 million policies in force. 64 percent or 4.7 million of the policies in force covered by the Florida domestic market. The number of policies written by Citizens Property Insurance Corporation; the state's homeowners' insurer of last resort rose to 16 percent of the total market share. The remaining 20 percent of policies in force was written by foreign insurers. During 2021 many insurers experienced increased reinsurance costs. Based on reinsurance cost data collected from the Annual Reinsurance Data Call, on average, insurers bought 16.6% more reinsurance coverage with an increased cost of approximately 52% from 2020.

The Florida insurance market is facing significant challenges due to the frequency and severity of claims. These challenges are largely due to increased litigation, exacerbated by higher catastrophe claim losses as a result of multiple hurricanes over the past several years, and rising reinsurance costs as a result of a hardening reinsurance market. To address these challenges, Governor DeSantis signed SB 76 with an effective date of July 1, 2021, SB 2D with an effective date of May 26, 2022, and SB 2A with an effective date on or after April 1, 2023, and at renewal for Citizens policies that renew on or after July 1, 2023.

Private Passenger Auto Insurance

Florida's private passenger auto market continued to grow and remain competitive in 2022, with over 18 million licensed drivers and over $25 billion in direct written premium in 2022. The top five insurer groups comprise 77% of the direct written premium in 2022.

FLORIDA WRITTEN PREMIUM RANK	INSURANCE GROUP	2022 FLORIDA PPA DIRECT WRITTEN PREMIUM	MARKET SHARE
1	State Farm	$3,571,941,979	14.1%
2	Progressive American Ins. Co.	$2,750,033,616	10.8%
3	Geico Gen. Ins. Co.	$2,713,757,089	10.7%
4	Progressive Select Ins. Co.	$2,663,289,649	10.5%
5	Geico Cas. Co.	$1,451,085,274	5.7%

Flood Insurance

As conversations surrounding the federally administered National Flood Insurance Program (NFIP) continue, OIR continued to prioritize the development of Florida's private flood insurance market. Alongside the NFIP, a thriving private insurance market provides wider, and in many cases, less expensive options to protect more US consumers, expand the awareness of the need for flood insurance, and spread the risk beyond the NFIP.

Florida is home to one of the largest, fastest growing private flood insurance markets in the U.S., with 93 eligible primary flood writers and more than $247 million in direct written premium in 2022.

Workers' Compensation Insurance

In 2022, 278 privately-owned insurers actively wrote workers' compensation insurance in Florida. In total, private sector insurers wrote $3.2 billion in premium. Moreover, during 2022, 13 insurers entered the Florida workers' compensation market, either as new companies or by adding the workers' compensation line of business to their certificate of authority. During 2022, 3 insurers exited the Florida market. These new entrants and voluntary withdrawals had no disruptive impact on the marketplace, as should be the case in a competitive market.

The 2023 annual National Council of Compensation Insurance rate filing, submitted in late August, proposed a statewide average rate decrease of 8.4 percent. A public rate hearing was held on October 5, 2022, and the OIR approved a statewide overall rate level decrease of 8.4 percent, which took effect on January 1, 2023. Florida's rates are 73.8 percent below what the rates were prior to the 2003 reforms.

Medical Malpractice Insurance

Florida is and has historically ranked as the third largest U.S. state in terms of total medical malpractice premium, with roughly $915 million in direct written premium for 2022.

Overall, Florida has a competitive medical malpractice insurance market. In 2022, Florida welcomed 5 new writers into the market. This helps promote a competitive marketplace, bolstering efforts to make sure reliable insurance products are available to Florida's medical professionals and entities at affordable prices.

EXAMINATIONS AND INVESTIGATIONS

OIR conducted a total of 51 market conduct preliminary investigations, investigations, and examinations during calendar year 2022. Potential violations that were investigated or examined related to: premium billing, policy rating, and underwriting errors; delays related to the timely payment of claims; failure to follow prescribed cancellation and nonrenewal practices; and the statutorily required examination of premium finance companies.

The OIR Market Regulation team looks for early indicators of market issues that may eventually affect solvency or harm consumers. State insurance regulators have many different tools at their disposal to deal with potential violations of state insurance statutes and regulations such as a preliminary investigation, an investigation, and either target or comprehensive market conduct examinations.

- Preliminary investigations consist of an informal communication with an insurer regarding a concern received by a policyholder or other stakeholder. Preliminary investigations are used to quickly review and resolve referrals that may not lend themselves to an in-depth investigation. Preliminary investigations are concluded within a few days of assignment. Depending on the outcome of the preliminary investigation, the matter can be closed, monitored over time to ensure compliance, or result in an investigation or examination of the insurer.

- Investigations are a formal communication with an insurer regarding a concern received by a policyholder, other stakeholder, or to monitor the resolution of self-reported insurer issues. Investigations are usually related to issues that can affect a large number of policyholders instead of an isolated issue pertaining to a single policyholder. Investigations rely on written communication between market regulation and the insurer to document, identify, and resolve alleged violations of the Florida Insurance Code. Depending on the outcome of the investigation, additional regulatory action may be taken by OIR.

- Examinations (target or comprehensive) are a formal, in-depth, technical review and sampling of an insurers books and records to determine if the insurer's business practices are in compliance with the Florida Insurance Code. A target market conduct examination focuses on a specific line of business or a specific business practice. Target market conduct examinations are specific to the area of concern. A comprehensive market conduct examination will include a detailed review and sampling in all of the following areas: company operations and management; complaint handling; marketing and sales; producer licensing; policyholder service; underwriting and rating; and claims. Depending on the outcome of the examination, additional regulatory action may be taken by OIR.
