ITEM	SUBJECT	RECOMMENDATION

1. Request for Approval of Minutes of the Financial Services Commission for August 23, 2022.

   (ATTACHMENT 1) **FOR APPROVAL**

2. Request for Approval for Publication and Final Adoption of Rule 69O-137.009 Filing Procedures for Commercial and Personal Residential Property Supplemental Quarterly Report.

   The proposed amendment will update Form OIR-D0-1185 to add the data required by Chapter 2022-271, Laws of Florida, and questions about private flood insurance to the form currently in use.

   (ATTACHMENT 2) APPROVAL FOR PUBLICATION OF PROPOSED RULE AND FOR FINAL ADOPTION IF NO MEMBER OF THE PUBLIC TIMELY REQUESTS A RULE HEARING OR IF A HEARING IS REQUESTED AND NO NOTICE OF CHANGE IS NEEDED.

OFFICE OF INSURANCE REGULATION

Commissioner David Altmaier

GOVERNOR DESANTIS: Okay. Insurance regulation.

MR. ALTMAIER: Good morning, Governor and Cabinet.

So, first of all, I just want to thank each of you for your leadership during our most recent special session on property insurance. I think we got a lot of really good work done for consumers there. It still continues to be a difficult market. We're still continuing to see a lot of rate increases, but I think we've started to lay the groundwork for some meaningful reforms to start to have an impact on that, so I just want to say thank you for your leadership on that and your assistance as we worked through that.

Item 1:

MR. ALTMAIER: The first item on our agenda is the approval of the minutes from the March 29th FSC meeting.

GOVERNOR DESANTIS: All right. I move to approve. Is there a second?

MR. PATRONIS: Second.

GOVERNOR DESANTIS: No objection. The

motion carries.

Item 2:

MR. ALTMAIER: Thank you. Item Number 2 is the repeal of the rule. We are repealing this because JAVC told us that the underlying statute was sufficient for the implementation of this and so the rule's not necessary, so we would request your approval for publication of the proposed rule and for final adoption if no member of the public timely requests the rule hearing or if a hearing is requested.

GOVERNOR DESANTIS: All right. I move to approve. Is there a second?

MR. PATRONIS: Second.

GOVERNOR DESANTIS: No objection. The motion carries.

Item 3:

MR. ALTMAIER: Thank you very much. Item Number 3, if you recall, during the 2021 legislative session, in addition to Senate Bill 76, we also passed our one easy bill, a credit for reinsurance. This rule implements that particular rule and we would respectfully request your final adoption of that rule.

GOVERNOR DESANTIS: All right. I move to

approve. Is there a second?

MR. PATRONIS: Second.

MS. FRIED: Second.

GOVERNOR DESANTIS: Hearing no objection, the motion carries.

Item 4:

MR. ALTMAIER: All right. Thank you very much. Agenda Item Number 5 -- excuse me, Agenda Item Number 4 is the adoption of a rule that implements the data call provisions that were adopted in Senate Bill 76. We've had a couple of different hearings on this one. It's attracted a lot of attention of our stakeholders. We have onboarded a lot of that feedback and we are ready to submit this rule to you for final adoption, so we would respectfully request your approval of that.

GOVERNOR DESANTIS: Okay. I move to approve. Is there a second?

MR. PATRONIS: Second.

MS. FRIED: Second.

GOVERNOR DESANTIS: Any objection?

(No response.)

GOVERNOR DESANTIS: Okay. The motion carries.

MR. ALTMAIER: Thank you. Agenda Items

Number 5 through 9, if you have no objections, we can lump those together. What we're doing there, we have an applications process for companies to become a specialty insurance company, so these are like motor vehicle service warranty associations and things of that nature. Historically, this application's process has been spread out across a number of different rules and we are streamlining all of this into one rule.

We have had -- we issued a notice of a hearing. Nobody requested one. We didn't get any comments. These are fairly non-controversial and we would respectfully request your approval of final adoption for those rules.

GOVERNOR DESANTIS: All right. I move to approve.

MS. FRIED: Second.

GOVERNOR DESANTIS: Second? Okay. No objection, carries.

MR. ALTMAIER: All right. Thank you. That is the end of my agenda unless you have questions.

MS. FRIED: We do. I have some questions. Well, thank you, Commissioner, for being here today. We also all know that we are still dealing right now with a tremendously large insurance

crisis.

You know, in 2022 alone, we've seen three property insurers deemed insolvent and half a dozen others that have seen their ratings downgraded. We're threatened from Demotech downgrades, at least another dozen more Florida insurances during our hurricane season.

What are we doing right now with those insurance companies? How many more do we think that Demotech is in line to downgrade? How many more do we think are going to go insolvent during the next, you know, five months?

MR. ALTMAIER: So thank you, Commissioner, for the question. So I would say that we are still dealing with a very challenging market right now. Fortunately, of the 17 companies that were threatened with the Demotech downgrade, I think over 12 or 13 of those have been reaffirmed with their A rating, so those companies will go through another process with the rating agency where they'll submit them their second quarter financial results and go through that process again, but we're fortunate that of the 17 that were threatened with the downgrade, the impact of that was actually very minimal.

There were actually five downgrades. Two of the companies that were downgraded had an AM Best rating, so that did not impact their business operations. A third of the downgraded companies was already previously downgraded to an S rating. It was just downgraded further, so we had already taken action to run that company off, and then the other two companies, one unfortunately became insolvent and the other one is now in runoff, and taking advantage of the program we established with Citizens that will allow their consumers the opportunity to stay insured through hurricane season.

As I mentioned, between House Bill 7065, Senate Bill 76 and is now Senate Bill 2D, I think we have already taken a significant number of positive steps in addressing this crisis.

As we've said numerous times before, there is no overnight fix to this insurance crisis. It's been years in the making, unfortunately, but the steps that we've taken so far, under your leadership, are going to be significant steps forward into addressing this issue. We've already seen a 30 percent year-over-year decrease in litigation which, as I've testified to you

previously, is the driving cause of this.

We have heard very positive feedback from both our direct industry, and as well as our reinsurance industry, that they like the steps that we're taking, and I think we've got a lot of positive momentum heading into the upcoming legislative session to continue reforms to benefit Floridians.

MS. FRIED: And I just have a couple of more questions to you. You know, I'm hearing a lot still. I know that there's pieces of legislation that dealt with the roofing situation, but I'm still hearing out here that there is a significant amount of consumers that are still being told by their insurance companies that they either get a new roof, even though their roof might be, you know, 10 years or 12 years under, in order for them to have their insurance policies renewed.

Are we still -- are you hearing those complaints inside of your office? Is there actions that are being taken? There's a lot of concern out there about not having insurance, as we're getting into this or middle of the hurricane season.

MR. ALTMAIER: So thank you for the question. We are hearing one or two reports that insurers are being asked to get a new roof before providing

coverage, but the bill does allow an insurance company to assess whether or not the roof has five years of useful life left or not.

So we're exploring every single one of those reports that we get to make sure that the insurance companies are operating in good faith. We're working with the Consumer Services Division, the DFS. As they hear those calls, we're working with -- with those units to make sure that the insurance companies are following the letter of the law on that front.

MS. FRIED: And then lastly, you know, I recently wrote a letter to both you, the Governor and the CFO concerning this issue, but since I guess you're here today, could you please also tell us why the state decided to choose an option that poses more risk to the people of our state when the Florida catastrophic fund, which I shouldn't have to mention given its name, but since it seems to have been forgotten, was created for just this type of crisis that we're currently experiencing.

Why do we choose the riskier option when the cat fund is sitting with flush of $12.8 billion expected in the bank this year's end, when it is already globally recognized as a primary reinsurer

for Florida companies? What was the decision to do the plan that we're in now as opposed to putting some of that risk in the cat fund?

MR. ALTMAIER: So, Commissioner, the cat fund has $17 billion of capacity, but it's all already committed to reinsurance programs of our domestic industry, so there was no excess capacity of the cat fund support a program like this, so that was point number 1 of the rationale.

Secondly, had these companies been downgraded and had they -- had they had to cancel their policies, they would have gone to Citizens anyway, so we actually looked at it as an option to decrease the amount of risk that was ultimately going into Citizens. And Citizens does have the same assessment capabilities that the cat fund does, so if there were a situation where there were a shortfall, they would be -- they would be funded through the assessment program. We hope to never get to that point, but as we evaluated this program, given the fact that the 17 billion of capacity of the cat fund was already committed and then most of this risk would have ended up in Citizens anyway, this seemed to be the pathway forward that presented the least amount of risk.

MS. FRIED: Okay.

GOVERNOR DESANTIS: Okay. Go ahead.

MR. PATRONIS: Thank you, sir.

GOVERNOR DESANTIS: Yep.

MR. PATRONIS: And this is appropriate for the time. Because Dave was here, I wanted to bring this up, but governor, starting off, thank you for your leadership on ESG. I believe that ESG has become un-American because global asset managers now are using woke standards to re-engineer society through billion dollar industries. It's undemocratic. Moreover, it appears to be not confined to equities alone. It looks like insurance markets are beginning to write coverage based on ESG criteria.

For example, ESG factors are considered drivers for 13 percent of AM Best global ratings actions. For those that don't know, AM Best is a credit rating agency, so it means ESG factors affected certain businesses' ability to capitalize. Capgemini sent a report 30 percent of property casualty insurers will offer preferential treatment to policyholders who adopt sustainability initiatives. Meanwhile, 27 percent will refuse coverage based on this criteria. That means

there's a lot of woke businesses that will get better insurance products, while those who ignore ESG criteria will not get any coverage.

In fact, at the Glasgow Financial Alliance for Net Zero conference, 450 firms agreed to align $130 trillion in assets with the Paris Agreement. All this means, that if you're not woke enough, certain insurers will not cover you.

Meanwhile, certain insurance companies have joined the cult of ESG, Florida is experiencing a hardening insurance market. If insurance companies are charging a premium for ESG, then we need to know about it. We know that asset managers are telling insurers to focus more on climate change or they'll lose money, they'll be sued or both.

One insurance expert said, and I quote, property insurers will also be working harder on influencing how governments react to mitigate monitor drivers of climate risk. That means insurers are planning to increase rates, reduce coverage or force governments to address ESG standards.

By their own admission, insurance is being used for social engineering and I am concerned that Florida policyholders may be footing the bill for

this wokeism. The same ways that families are paying for Joe Biden's inflation tax, Florida's policyholders are paying an ESG fee in their policies.

Meanwhile, the New York Department of Financial Services is telling insurers they must take into account ESG risks. New York regulates 1,800 carriers who manage $4.7 trillion in assets.

As Florida's doing a lot of great work with the SBA, I believe we should be engaging OIR to assess ESG's role with the insurance. We need to fight ESG within the insurance market because it's another theater or battle.

Governor, for the next meeting, I think we should add something to the agenda that shows that Florida opposes ESG initiatives within our insurance sector. Ultimately, Florida policyholders should not be footing the bill for woke insurance. Thanks, Governor.

GOVERNOR DESANTIS: Okay. All right. Thank you.

MR. ALTMAIER: Thank you.

M E M O R A N D U M

DATE: February 28, 2023

TO: Michael Yaworsky, Interim Commissioner, Office of Insurance Regulation

THROUGH: Anoush Brangaccio, General Counsel

FROM: Michael Lawrence, Jr., Chief Legal Counsel

SUBJECT: Cabinet Agenda for March 13, 2023
Request for Approval to Publish and the Final Approval to Adopt Amendments to Rule 69O-137.009
Assignment # 304411-22

The Office of Insurance Regulation ("Office") requests that these proposed rule amendments be presented to the Financial Services Commission on March 13, 2023, with a request for approval for publication of proposed rule and for final adoption if no member of the public timely requests a rule hearing or if a hearing is requested and no notice of change is needed.

The notice of development of rulemaking was published on January 23, 2023, in Volume 49, No.14, of the *Register*. A rule development workshop was held on February 15, 2023.

This rule package amends Rule 69O-137.009, F.A.C., to incorporate the update to Form OIR-D0-1185, the Quarterly Supplemental Report, which adds fields for the information required under Chapter 2022-271, L.O.F., and questions regarding private flood insurance to the form currently in use.

Section 624.424, F.S. and Chapter 2022-271, L.O.F., are the rulemaking authority and laws implemented for this rule.

Attached are the proposed rules.

Approved for signature:

_____
Anoush Brangaccio, General Counsel

Approved for submission to Financial Services Commission:

_____ ,
Michael Yaworsky, Commissioner
Office of Insurance Regulation

69O-137.009 Filing Procedures for Commercial and Personal Residential Property Supplemental Quarterly Report.

(1)–(3) No Changes

(4) The supplemental report shall be filed on a quarterly basis in conjunction with financial reports on Form OIR-D0-1185 (1/23) ~~(1/96)~~ "Quarterly Supplemental Report," which is hereby adopted and incorporated by reference. The information shall be submitted or be obtained from the Office's website at http://www.floir.com/iportal.

Rulemaking Authority 624.424(10) FS. Law Implemented 624.424(10) FS. History–New 7-3-96, Formerly 4-137.009, Amended 7-30-17, _____.

FORM
QUASR

VERSION
19.01.A

Quarterly Supplemental Reporting

Pursuant to Section 624.424, Florida Statutes
Scope Period: CY2022, Filed by Quarter

If you need any assistance during the filing process, please contact the Office at

QUASR@floir.com

FLORIDA OFFICE OF INSURANCE REGULATION

Filing Due Dates:

First Quarter Due May 16; Second Quarter Due August 15;

Third Quarter Due November 15; Fourth Quarter Due March 1

Form OIR-D0-1185
Effective Date 01/23
690-137.009

Quarterly Supplemental Reporting

Pursuant to Section 624.424, Florida Statutes

Beginning with the reporting for Third Quarter, 2018, filers will submit their Quarterly Supplemental Reports (QUASR) through the Office's Insurance Regulation Filing System (IRFS) at the address: https://irfs.fldfs.com/. Reporting and filing periods:

- For the reporting period January 1 through March 31, filings will be submitted from April 1 through May 15
- For the reporting period April 1 through June 30, filings will be submitted from July 1 through August 15
- For the reporting period July 1 through September 30, filings will be submitted from October 1 through November 15
- For the reporting period October 1 through December 31, filings will be submitted from January 1 through March 1

General Instructions

If you have not used IRFS, create a new account. New IRFS users must subscribe to a company or companies using the Entity Management.

The primary differences in the new and old (pre-2015) templates are that the new template includes multiple tabs, each with its own purpose. There is no particular change in the filing medium as the last tab, named "Dump", is a replica of the current template. Users should submit their data on the "Dump" tab identically to how they use the current template.

In all, the new template contains six tabs and will initially open to the cover tab, named "Version". After the "Version" and "Instructions" tab there will be a "Contacts" tab. The ending date of the reporting period is set on this tab along with specific pre-populated company information such as the company name, EIN, NAIC code, and Florida Company Code. Filers should verify this information and complete any responses that may be missing. The question on Line 14, "Treatment of current filing over last quarter's filing?" is defaulted to "Continual DATA Reporting". If your company DID NOT file a DATA report in the IMMEDIATE PREVIOUS QUARTER, then you will need to click in the cell and use the drop-down menu to switch this response to "New DATA Reporting".

The last lines of the "Contacts" tab are special validations ensuring that the filing complies with QUASR policy reporting rules. Error counts on the "Data" and "Dump" tabs must be zero before you upload this template to IRFS. The last line is a calculated Policies In Force (PIF) percentage that reports the change from Month 3 of the last reporting quarter to Month 3 of the current quarter. This calculation is only in effect for filers who completed a DATA filing in the previous quarter. Any values over 110% will be flagged as out of range. Contact the Market Data Collections Unit (see below) if you have verified your counts but still cannot file because of the number reported on this line.

The column to the right on the "Contacts" tab contains validations of "TRUE" or "FALSE" which are intended to provide guidance and expediency to the entire filing experience. A "TRUE" validation means that the response to the line is within the range permitted; a "FALSE" validation means the response is not acceptable and the template will be rejected by IRFS until a valid response is entered.

After the "Contacts" tab, the "Data" tab of the new template merges the new data from the "Dump" tab with data from the previous quarter. Only zeroes will appear in the pink rows, which are marked Month 0 ("zero"), when a DATA filing was not completed in the immediate previous quarter. These rows are the final Month 3 policy counts and amounts from the immediate previous quarter. Therefore, filers should use these values to identify errors in their PIF counts each time they complete a new template. The rest of the "Data" tab, which comprises of the repeating three white rows (Months 1 through 3), reports the information submitted on the "Dump" tab of the template in the order of County and Policy Type.

Just as with the "Contacts" tab, there is a validation column at the far right of the "Data" tab. Each row is evaluated, and if the row validates to "TRUE", then all QUASR validations have been met and the row will be accepted by the IRFS application. If the row evaluates to "FALSE" then a description of why the row failed the validation test will appear to the right of the validation column. In order to know a precise validation error, the far right of the "Data" tab line for the specific County, Policy Type, and Month Number must be examined. An easy way to know whether errors exist on the "Data" tab is by checking at the top right of the "Data" tab (to the right of the company name). Either you will see a message "NO ERRORS EVIDENT ON TAB" or it will read "FALSE VALIDATION COUNT" with the number of errors following the False Validation message.

Validations are also completed on the "Dump" tab, but there you will receive a message ONLY when the data you have typed or pasted into the tab does not coincide with the required text and format. Errors appear in the form of short messages rather than as "FALSE". Note that validations performed on the "Contacts", "Data", and "Dump" tabs are performed within the Excel file itself. Errors can be worked out on your local computer without needing to upload the template to learn if there is an error in the validations.

FILING YOUR QUASR DATA TEMPLATE

- ☐ Save this template to your local or shared drive. Open the "Contacts" page and verify the information displayed. Complete any responses that are not present so that all data validation are "TRUE".
- ☐ Policy information is submitted into the template as a local operation. It may either be typed directly into the "Dump" tab, or you may copy and paste all of your file dump information into the "Dump" tab.
- ☐ After your data has migrated to the "Data" tab, verify that no validation errors exist at the top of the "Data" tab. If this is not the case, locate the rows where data validations are marked "FALSE". The message to the right of each "FALSE" validation should prove helpful in solving any data problems for a given row. If you cannot determine a cause for a FALSE value, contact the Market Data Collections Unit (information below).
- ☐ Select the Contacts Component. All subscribed email accounts to your company will be listed and any may be added as "cc:" contacts, meaning they will also receive notice of your filing. Here you may also designate another account as the primary filer for your filing (i.e., should you be doing this on behalf of someone else who is temporarily away). There is a box below that allows you to include additional email addresses that are not subscribers of the company. When done click on the "Save" button.
- ☐ The QUASR Certificate of Information is no longer required to be submitted with your filing.
- ☐ When you have loaded the filing components submit your filing by clicking on the SUBMIT button in the pink box (scroll up if you don't see it).
- ☐ Your submission is considered filed only after you receive an email receipt showing your file log number. This file log number IS NOT the same as the work file number on your workbench. If, after an hour or two, your filing is still on your workbench, then the filing was not accepted. Determine your error and re-submit the filing; if assistance is needed use the contact information below to reach the Market Data Collections Unit.

Please note: Additional underlying documentation shall be made available upon request of the Office.

The Insurance Regulation Filing System (IRFS) application is required to be used to submit your data. The address is:

https://irfs.fldfs.com/

The required data reporting template may be downloaded from within IRFS beginning the first day of each filing period (i.e., after quarter to be reported). The user's guide for IRFS is located at:

https://www.floir.com/siteDocuments/SubmittingDataFilesIRFS.pdf

QUASR data submissions are automatically accessible by the public on www.floir.com. This system does detect Trade Secret Claims and will not allow those to be accessible by the public. For more quasr@floir.com.

If you have any questions regarding this request, please contact via email: **QUASR@floir.com** or telephone the Market Data Collections Unit at 850-413-3147.
