(1) Network types are Health Maintenance Organization (HMO), Preferred Provider Organization (PPO), and Exclusive Provider Organization (EPO).

(2) A plan available through the Small Business Health Options Program (SHOP) may or may not be available outside of the SHOP.

(3) Percent changes are based on actual 2021 enrollment and do not represent the percent difference for a single certificate holder.

(4) Weighted averages give more weight to companies with larger membership.

General Information

This information has not been reviewed or finalized by the Department of Health & Human Services; therefore, it is subject to change.

Florida file log numbers can be used to search the Office of Insurance Regulation's "IRFS Forms & Rates Filing Search" system.

Determination of the average change:

1 Companies provided an average requested rate change based on their proposed premiums and their distribution of business. That number is in the table above.

2 The requested rate changes and the projected distribution of business was then used to determine an overall statewide average increase.
